

The smart alternative to hanging up a sign and waiting for workers.

We have hundreds of worker applications ready to send to YOU. (You do not pay until you hire.)

## Business cannot afford to wait...so don't wait to fill job positions.

### The smartest Human Resource Services Company just got smarter.

PlaceSmart Agency now offers our clients two options when using our Recruiting and Placement Services. Our Direct Hire Alternative allows the client to continue to employ their own workers; we simply send you applications until you find what you like. Here is how it works.

Traditionally company's put a sign on the door or advertises in the newspaper, online, or through Social Media each time they need a worker.

Stop all of that now! For only \$45 per **Placed** worker we will **Find** you as many applicants as you need, you interview and hire the worker's you like. Otherwise we keep sending you more candidates to interview, the **Discovery** phase is yours.

**Step 1.** Stop spending time and money advertising for Help Wanted.

**Step 2.** Call us and tell us how many workers you need, when you need them, and a job description.

**Step 3.** We send you three pre-screened applications with the requirements you are looking for.

**Step 4.** You directly hire the worker(s) that we send you otherwise we send you more applications.

**Step 5.** Pay PlaceSmart Agency a flat \$45 Direct Hire Alternative fee for each worker hired.

Human Responsibility in the workplace matters, and so does your time. PlaceSmart Agency Alternatives.
